

Montreal Networks & the Fondation Recherche Léger Scholarships For: Newly Arrived Skilled Canadians In Information Technology

We are pleased to announce a joint scholarship program between **Montreal Networks, the Fondation Recherche Léger & Champlain College-Saint Lambert** to support excellence for highly skilled newly arrived immigrants in the field of Information Technology.

Montreal Networks & Fondation Recherche Léger Scholarship Criteria

Interested candidates must meet the following criteria to be considered:

- Immigrated to Canada within the past five (5) years and have significant experience in the field of Information Technology;
- Graduated and maintained a grade point average greater than 80% in one of the IT programs/services in the Department of Continuing Education. Please provide transcript.
- Provide an updated CV and letter (less than 500 words) explaining why you are deserving of the scholarship;
- Willing to visit and discuss employability options with **Montreal Networks**;
- The awardee will receive \$500 from Montreal Networks or \$1,000 from the Fondation Recherche Léger at the graduation ceremony in June 2018.

All Application materials should be sent by April 20th (by email) to:
